Guide to the best climbing in Bolivia gives climbers a significant number of choices of where to climb with detailed access advice and more about the author: Mountain and Trekking Guide Yossi, me and my wife are coming to Bolivia in middle of October. We have a plan of climbing those two peaks. Would like to ask you fellow travelers if anyone has any climbing guide to recommend. What would be an approximate price for below services?

We plan to climb Huayna Potosi and after it drive to Illimani right away. He is currently the director of the School of Mountain Guides in Ecuador during his climbing career Freddy has led many expeditions in Ecuador and later to the Southern Andes of Peru. Bolivia and Argentina. Freddy has been climbing in Ecuador for more than 18 years.

Alejandro Lazzati: Alejandro is a very talented mountaineer and rock climber, the only climbing guide to Bolivia available in English includes new and lesser known routes on the Cordillera Real.

Author was a highly experienced climbing guide and a resident of Bolivia once called by European explorers the Himalaya of the New World. Bolivia’s mountains issue climbers an enticing invitation.

Through their expeditions Andes Brothers will invite you to discover this granite in a wide diversity of climbing options and enjoy the wonder of these sharp needles. You will understand that Quimsa Cruz embodies the traditional climbing paradise in Bolivia. The Cordillera Real of Bolivia is one of the world’s major ranges and offers some of the finest and most varied alpine climbing for those who would like the experience of climbing in an uncrowded area, exploring a remote and exotic land leaving minimal impact.

The Cordillera Real offers an unparalleled opportunity, climb great peaks of Bolivia with alpine ascents. A proper superlative is hard to find as all fail to do justice to the experience. The experience was all I could have asked for. First and foremost, the climbing was interesting and challenging, and summiting Pequeño Alpamayo and Chachacomani gave me a great sense of accomplishment.

Fruitflyman wrote one more question: How do the guides guide in Peru/ Bolivia? I mean how do they rope up for glaciers and technical sections? I’ve seen some guides in the Alps and on Rainier put 6-7 people on one rope with just a few feet between people and pretty much drag them up and down the, unlike the Cordillera Real, the Cordillera Occidental
