Low Coolant PLEASE Help Canadian Corvette Forums
April 15th, 2019 - Mine was fine and it turned out that my coolant tank surge tank had a small crack in the nipple where the rubber tube attaches to it. It was a small leak. I never saw coolant on the ground or leaking down the side of the tank. However, I knew it was cracked due to the coolant getting darker and I could see just a bit of dried residue on the outside.

Chevrolet Corvette C6 Wikipedia
April 16th, 2019 - The Chevrolet Corvette C6 is the sixth generation of the Corvette sports car that was produced by Chevrolet division of General Motors for the 2005 to 2013 model years. It is the first Corvette with exposed headlamps since the 1962 model. Production variants include the Z06, ZR1, Grand Sport, and 427 Convertible.
