To determine your bra size and find the perfect fitting bra, it is very important that you measure your body carefully. You need to measure both bust size over bust and band size under bust. See illustration above and read our measuring instructions below. 1. Bra size calculator: Bra size chart and bra sizing guide. Use this useful bra size guide to accurately measure yourself for the correct bra size. Please contact us if you need more help to calculate your bra size. If your bra size is 34c, c is your cup size. Cup size is increasing when the band size is decreasing, and that the cup volume is decreasing when the band size is increasing. Because of this, more cup sizes can fit your breasts if the band size changes. Read more about sister sizes and see sister size chart here. Use Hanes' bra size calculator for getting the perfect bra fit in three easy steps.
